IGM Financial Inc. is a leading wealth and asset management company in Canada, managing approximately \$271 billion in assets. It offers financial planning and investment services to over two million Canadians through IG Wealth Management and Mackenzie Investments.

Mackenzie Investments, founded in 1967, is a key part of IGM's business model, serving as a comprehensive asset-management partner for Canadian financial advisors and their clients.

At Mackenzie Investments You Can Build Your Career with Confidence. We are proud to be recognized as one of Canada's Top 100 Employers for the fourth consecutive year and one of Canada's Best Diversity Employers. Our vision and strategy aim to innovate the industry and support Canadians in achieving their financial goals.

Join our team to engage in continuous learning and skill development in a supportive environment. Experience the best of both worlds with our hybrid work environment, where you spend three days a week in the office, connecting, collaborating, and enjoying quality time with your amazing colleagues! Our Values: Be better; we strive for improvement in everything we do. Be accountable; we foster clarity and are empowered to act responsibly. Be a team; we are united to drive collective impact to achieve our goals.

Responsibilities:

- Risk Assessment: Assisting in identifying potential risks to the organization, including financial, operational, and compliance risks.
- Data Analysis: Conducting quantitative analyses to evaluate risk levels and trends. This may involve using tools like Excel, SQL, or other data analytics software.
- Reporting: Preparing risk evaluation reports and presentations for senior management, summarizing findings and recommendations.
- Monitoring: Keeping track of risk indicators and system performance to identify any emerging issues.
- Support for Compliance: Helping ensure that the company adheres to regulatory requirements and internal policies, which may involve reviewing contracts and documentation.
- Collaboration: Working with various departments to understand their operations and the associated risks, fostering a collaborative approach to risk management.
- Project Assistance: Supporting specific risk management projects, which could include developing new processes or improving existing ones.
- Learning and Development: Participating in training sessions and networking opportunities to enhance understanding of the financial services industry and risk management practices.

Requirements:

- Currently enrolled in a relevant post-secondary education program
