Winter Intern – Threat Management
IGM Financial, Makenzie Investments – Toronto Office
[Job Link](#)

IGM Financial Inc. is a leading wealth and asset management company in Canada, managing approximately $271 billion in assets. It offers financial planning and investment services to over two million Canadians through IG Wealth Management and Mackenzie Investments.

Mackenzie Investments, founded in 1967, is a key part of IGM's business model, serving as a comprehensive asset-management partner for Canadian financial advisors and their clients.

At Mackenzie Investments You Can Build Your Career with Confidence. We are proud to be recognized as one of Canada's Top 100 Employers for the fourth consecutive year and one of Canada's Best Diversity Employers. Our vision and strategy aim to innovate the industry and support Canadians in achieving their financial goals.

Join our team to engage in continuous learning and skill development in a supportive environment. Experience the best of both worlds with our hybrid work environment, where you spend three days a week in the office, connecting, collaborating, and enjoying quality time with your amazing colleagues! Our Values: Be better; we strive for improvement in everything we do. Be accountable; we foster clarity and are empowered to act responsibly. Be a team; we are united to drive collective impact to achieve our goals.

Position:

Join our Threat Management team for a dynamic winter internship focused on cybersecurity operations, vulnerabilities management and threat intelligence. You'll contribute to cybersecurity initiatives, support ongoing security operations activities, and help shape data-driven insights to strengthen IGM security posture.

Responsibilities:
- Support ad-hoc and in-flight security activities across the organization
- Analyze security datasets to identify patterns and anomalies
- Produce clear and concise documentation (e.g., how-to guides, internal communications)
- Coordinate meetings, tasks, and follow-ups with internal stakeholders
- Assist in the development and refinement of threat detection and response activities

Requirements:
- Pro-active, problem-solving attitude and ability to work calmly under pressure
- Interest in cybersecurity and staying current with industry developments
- Desire to continuously improve processes and tools
- Familiarity with data analysis tools and techniques (e.g., Excel, Python, PowerBI)
- Well-organized with strong attention to detail

- Structured thinking and ability to break down complex problems

To apply, please include a resume and transcripts (full unofficial version) by September 21, 2025, at 11:59 pm EST.

IGM is a diverse workplace committed to doing business inclusively - this starts with having a representative workforce! We encourage applications from all qualified candidates that represent the diversity present across Canada – including racialized persons, women, Indigenous persons, persons with disabilities, 2SLGBTQIA+ community, gender diverse and neurodiverse individuals, as well as all who may contribute to the further diversification of ideas.

Mackenzie Investments is an accessible employer committed to providing a barrier-free recruitment experience. If you require accommodation or this information in an alternate format at any stage of the recruitment process, please reach out to the Talent Acquisition team who will work with you to meet your needs.

We thank all applicants for their interest in Mackenzie Investments; however, only those candidates selected for an interview will be contacted.
